ABOUT US

We are a Polish based company engaged in the production and sale of hand-made wooden games such as chess sets, checkers or backgammon.

Our company was established in 1996 in Poland and has been steadily growing. We currently export to most European countries, as well as to the United States, Canada, Australia and Japan.

In the production process we use only carefully selected high quality wood species. All our products are manufactured in Poland by the best Polish craftsmen working with us. The effort that they put into their work and creativity, makes our chess sets an interesting alternative for the modern mass production. We use techniques such as carving, burning and inlaying to make our products unique. If you appreciate the work that needs to be put into manufacture of any chess set, it will be the best reward for us. At the end a piece of interesting information - to produce a set of chess you need the work of min 10 people ... By purchasing our products you give your work a number of craftsmen and in turn we can guarantee that the quality and appearance of our chess products will make you and loved ones happy.

We invite you to shop both online store and visit our warehouse near Lublin, Poland: Marysin, Szarugi 59A street, where you can also see and buy our chess.

We encourage everyone to play chess. This great game develops a lot of skills, helps to improve memory, ability to concentrate practices in attention and stimulates the imagination to the youngest as well as oldest players.

If you need help in making the purchases, please call us +48 81 7409614 we speak English and French.

WHOLESALE

ENGRAVING / PERSONALIZATION

On request, we can engrave any text or logo on our products using laser engraving technique or screen printing. Personalized packaging is also an option. Many advertising agencies all around the globe, already bought customized products from our company but this offer is directed not only to them but to any company wishing to stand out from the competition.

If you need chess for an advertising campaign promoting the product of your company, we will gladly take the implementation of each of the most ambitious project.

CHESS CLUBS

We make every effort to spread awareness about the many benefits of playing chess, which is why we offer special conditions of cooperation for chess clubs and schools. Please read the information on the "chess clubs" page.

Those interested in the benefits of chess are encouraged to read the materials we have included in the "about us" page.

PRODUCTION

ECOLOGY

In the production process of our chess sets we put the great importance to the quality of the product as well as fair treatment of the workers and the environment, which is why chess and other games we produce are sourced from wood that we buy from plantation only.

SPECIAL ORDER REQUESTS

On request we are able to offer chess game design and dimensions to suit the customer's requirements.

In addition, we give our customers the ability to customize ordered wooden chess and games by placing on them inscriptions and images such as company logos. They are made by laser engraving, or a screen printing technique. This offer is specially directed to advertising agencies. Prices start from around 8Eur/ set with engraving included in the price.

STANDARDS

Our Staunton pieces and chess boards meet the requirements of FIDE (World Chess Federation) and can be used in the tournaments. We also recommend chess clocks, both analog and digital from our collection.

SUNRISE CHESS SETS ARE MADE OF WOOD SUCH AS:

hornbeam, maple, beech, birch, mahogany, oak, lime, cherry, walnut and wenge (veneer) and mahogany (veneer).

If you need help in making the purchases, please call +48 81 7409614

Professional chess weights are made of steel (iron) - do not use toxic lead weights!
Please note the chess pieces are not safe for small children due to choking hazard.
